* The single entry fee won't be charged to those who have business at Hakozaki Satellite Campus including visitors. However, a temporary entry check-in is needed.

Entry procedures

Persons wishing to apply for normal or temporary entry to Ito Campus should (1) first access the Kyushu University Normal and Temporary Entry Permit Application System (URL:) and apply for it. For Maidashi Campus, complete a designated entry permit issuance request form in their department or the department in which they have business, and submit it to the office.

(2) Once the permit is granted for Ito Campus, pay the fee using the system mentioned above. Submit the linear barcode which will be issued later to the University's outsourced contractors. As for Maidashi Campus, submit the permit (an application signed by the head of a department). The outsourced contractor for Hakozaki and Ito Campus is Kyushu University Co-op and for Maidashi Campus, it is Keiaidan in AY 2023. As for Maidashi Campus, upon payment of the fee you will receive the entry ID (the entry ID is made of paper with a hook: for displaying in a car) and have your staff ID card authorized, and the pass card for non-university personnel.

Persons wishing to apply for single entry should approach Hakozaki Satellite Campus via the Main Gate Gatehouse (near the Main Gate), Ito Campus via the Main Gate Guard Office (Center West and Center East) as well as the South Gate Guard Office (8:00-19:00), and Maidashi Campus via the East Gate Gatehouse, and complete the required procedure.

Renewal procedure for a new academic year (Starts on weekdays after April 1 by a contractor)

- The first month of the new academic year (April 1 to April 30) is a transition period for those who have an entry ID from the previous year and have authorized staff ID cards for entry (pass cards for non-university personnel). During the transition time, the previous year permits are valid for entry but please finish the procedure for the new academic year during that time.

- If the staff ID card has expired, you will be immediately unable to enter the campus, without any transitional period. As such, you are encouraged to carry out renewal procedures at the earliest possible opportunity. In addition, information about the entry permits are not linked to new staff ID cards. So please bring new staff ID cards and current entry ID (Entry ID made of paper and with a hook: For displaying in a car) to follow the process of authorization of staff ID cards.

* The procedure mentioned above is only for when staff ID cards (IC cards) have expired. If there is a change in names, departments, or cars, an application for re-issuing is also needed.

Those who wish to apply for the first time :

To enter Ito Campus, first access the Kyushu University Normal and Temporary Entry Permit Application System (URL: https://car-entry.cargate.kyushu-u.ac.jp/reg_apply/) and apply for it. Please note that it might take a few days to issue the permit. For Maidashi Campus, when entering the campus for the issuing process, please inform the East Gate Security Office.
